Subject Re: Draft Subpart W Preamble and Rule

Hi Stuart,

Thanks for the comments. In the risk assessment that was performed for the action there are a number of graphs that show (b)(5) - Deliberative Process Privilege

Is this the sort of information that you would like to see in the preamble? If so, would you like to have the chart placed in, or would it be OK if I summarized the information and then referenced the risk assessment (as a docket number) in the preamble?

(b)(5) - Deliberative Process Privilege

---

Hi Reid, I had only one comment on this draft which is on page 17-18 in the word file and I will also drop a pdf picture of it below. I may have additional comments depending on what the concentrations are assumed to impact the receptor. Feel free to call me to discuss, I am out on Friday and over at ORIA on Monday for ISCORS.
